Miller and Levine Biology | The HSD

I chose Miller and Levine's Biology (Macaw edition) because it is comprehensive, frequently used for high school biology courses (including AP Biology), and includes supporting consumable materials (labs, worksheets, and tests). While I can say many fine things about this curriculum, I can also say I have reservations.

I am homeschooling my 12-year old grader for a semester and I use the Biology Miller and Levine textbook.

Although it is identified as a biology book for 9th/10th graders, the larger print and beautiful illustrations of the textbook were a great match for her.
