[Parent-focused treatment for adolescent anorexia nervosa ...](#)

Background. Family-based treatment is an efficacious outpatient intervention for medically stable adolescents with anorexia nervosa. Previous research suggests family-

based treatment may be more effective for some families when parents and adolescents attend separate therapy sessions compared to conjoint sessions.

TBI Staff Training: SELF-STUDY: Module 12 - Working with ...

Principle: Being whole of family minded . A traumatic injury doesn't just happen to an individual, but to a family system. Being whole of family minded is another way of saying that we treat traumatic injury as happening to the whole family system.
