[How to Start a Family Tree: 14 Steps \(with Pictures\) - wikiHow](#)

To start a family tree, compile as much information as you can about your family's history using old photos, birth certificates, letters, diaries, newspaper clippings, family heirlooms, public records, and online ancestry tools. Once you have all of your information, organize it and decide on a format for your family tree. Then, start with yourself and build the branches out from there, beginning with your immediate family and working your way back generation by generation.

[How to start your family tree - Getting started - Family Tree](#)

1. Start with your own family. Begin by writing down the date and place of your birth (and marriage if applicable) for yourself, spouse and children, and the crucial dates for your parents, including birth, marriage and death. This is the start of your family tree and you can now work back generation-by-generation. 2. Gather family history records [How Do I Start My Family Tree? - Eight Easy Steps | The ...](#)
