[Management Accounting and Control Systems: An ...](#)

Management accounting and control deals with

administrative devices which organizations use to control

their managers and employees. Management accounting

systems are a very important part used to motivate,

monitor, measure, and sanction, the actions of managers

and employees in organizations.

[Handbook of Management Scales - Wikibooks](#)

The Handbook of Management Scales was first edited by

A. Wieland in 2010 and has since grown. It contains a

collection of measurement scales, which are the basis for

empirical research. Unfortunately, management

researchers often neglect the importance of good scales.

This leads to models with a

In a nutshell, management accounting is about helping

managers enhance decision making (e.g. providing

information on costs for pricing decisions, product mix

decisions) while management control is about decision

influencing through, for example, strategy implementation

(e.g. with budgets or Balanced Scorecards) or performance

measurement and management of managers or business

units (e.g.
