Neurogene Global Initiative in Neuropsychiatric GenEthics

NeuroGenE is the Global Initiative in Neuropsychiatric GenEthics based at the University of Oxford. We conduct global multidisciplinary research, training, and capacity-building on the ethics of psychiatric genetics and genomics.

[About Us Neurogene](#)

At Neurogene, we are working to provide medicines to improve the lives of neurologically-impaired and developmentally-delayed children and their families. For children, our goal is simple: to enable them to have a healthier future. For their families, we want to make their lives better: when one family member is neurologically impaired, there is a heavy burden on caregivers whether it is
