Pain management | Osteoarthritis | Bones, joints and ...

Pain management Follow Posted 21 months ago , 6 I have it in my hips, lower back, knees and shoulders. I am in constant pain now, particularly in the lower back and hips, and I wondered if any of you could recommend any pain meds I might ask my GP about. Currently I am only on Paracetamol, and I occasionally use Voltarol Gel. Needless to say, these don't really help. I also wondered if
