Person-Centered Health Records: Toward HealthePeople provides essential information on person-centered healthcare systems that will serve individuals throughout their lifetime, enabling a new approach to wellness that goes far beyond outpatient visits to the physician's office or hospitalizations.
Person-centered health education and training
Person-centered medical education is a key priority in the implementation of person-centered medicine and people-centered health care. We must see patients as persons within their physical, psychological, social, and spiritual totality.
[A Novel Conceptual Architecture for Person-Centered Health ...](#)
Personal health records available to patients today suffer from multiple limitations, such as information fragmentation, a one-size-fits-all approach and a focus on data gathered over time and by institution rather than

health conditions.

Person-Centered Therapy | Psychology Today

Person-centered therapy was a movement away from the therapist's traditional role as an expert and leader toward a process that allows clients to use their own understanding of their
