[Flavones: It is the pigment present in white vegetables. Color Pigments in Vegetables | Kitchenware Marketplace ...](#)

[Color Pigments in Vegetables](#). Posted on August 24, 2012 by admin. Vegetables come in all colors and shapes and their texture can be leafy like spinach or solid like a carrot. Some like broccoli, have two textures in one stalk like its flowery top to its solid stem. So it is difficult to give general rules about how to cook them. The best way is to start from terminology. Fiber is the texture.
