Help I broke a glass shelf in my refrigerator SpeedGuide

Hi! I was cleaning my refrigerator this evening and I broke one of the glass shelf's. It made a horrible mess!!! Well, it's all clean now, but it'll have to be replaced. The rim is made from plastic, but the middle area is glass. Can I just take it to a glass place and have a piece cut and put in? Will it be expensive? Any suggestions to

What can make a sheet of tempered glass spontaneously

Wow, that s a bizarre one. The nearest I can come to an explanation - and I very well may be wrong - is that, when a unit like that has been left outdoors for some time, the changes from hot to cold and back again can weaken that type of glass even with no imperfection or damage present.
