**Positivity - JED**

The power of positivity. How we think plays a significant role in how we feel. The more you focus on the positive things in your life (close friendships, fun plans for the weekend, the things that are going well at school and with your family) the more likely it will be that you will enjoy a sense of well-being.

Figure 11-1 shows a typical torque curve, where  $P_+$  represents the positive power applied to the bike and is the sum of the instantaneous power measurements. Similarly,  $P_-$  is the sum of the negative instantaneous power measurements (i.e. power lost from the bike as negative torque is applied to the pedals).
