Management. Share this: Is a good manager automatically a good leader? What is the difference between leadership

and management? The main difference between leaders and managers is that leaders have people follow them while managers have people who work for them.

Council Post: Why Understanding Other Perspectives Is A ...

The first key skill is called perspective-taking. One beautiful skill we have as human beings is the capability to take a different perspective.

Executive Book Summary Amanda Silborn - Keith Walker

The understanding of leadership is fundamental to build leadership training skills. Marshall goes to the heart of the matter and identifies the capacities and characteristics that are critical to the whole leadership function regardless of the organization or the level within the organizational structure. These include:

Understanding your leadership style - MaRS

Transactional leadership is a common form of leadership, but it is mostly applied by middle-managers rather than company CEOs. Most leaders who make use of the transactional leadership mode do so in combination with other leadership methods.
